B530-A-% rCV

The graph displays the daily number of COVID-19 cases in the United States. The y-axis is labeled 'Number of cases' and ranges from 0 to 100,000. The x-axis shows months from Oct to Apr. A vertical dashed red line is positioned at the end of December, indicating the start of the second wave. The data shows a significant increase in cases starting in late December, peaking in early January, and then declining.
